Genz

Creative Personal Blog Figma Template

- Document version: 3.0
- Created: 4 May 2022
- Last update: 10 March 2023

Overview

Genz is a creative personal blog template for perfect for writers who need to create personal blog site with simple creative features and effects to make readers feel the pleasure of reading blog posts and articles.

This template has 4 homepage, 5 archive layouts, 3 single post layout and 6 inner pages.

Based on 12 columns Grid System. The design is equipped with a grid system and styleguide for consistency, and of course it will be very easy for you if you want to make some changes.

In addition, it has also been designed with all auto layouts, and organized layers. It is very easy for you when you want to make changes just by drag and drop.

All components are well organized and scientific, easy to manage and customize. The parts that are reused are all made into components.

We have a dedicated support center for all of your support needs. It includes our Documentation and Ticket system for any questions you have. We usually get back to you within 2-4 business days.
